ABOUT ME

I am a full stack developer seeking a full-time position in the field of web development, where I can help my team develop high quality web applications.

EXPERIENCE

WEB DEVELOPMENT IMMERSIVE

General Assembly | 2016 - 2017

- 900+ hours using various technologies to create full-stack apps
- Built a full-stack app with MongoDB, Node, and Express
- Built 2 full-stack apps with PostgreSQL, Angular, and Node
- Built a trivia app using DOM manipulation
- Repeatedly demonstrated such practices as RESTful routes, DRY code, agile software development, object-oriented programming, Git fundamentals, among others

WEB CONTENT MANAGER

Ferrari Films | 2014 – 2016

- Maintained 12 different web-based medical programs
- Created 2 scripts and edited over 15 scripts for web-based video programs
- Managed over 50 projects, facilitating communication between my team and our clients, directing weekly status meetings, and preparing project contracts

SENIOR PROJECT MANAGER

Biblica | 2006 – 2014

- Managed over 100 projects, facilitating communication between my team and our clients, participating in weekly status meetings, and updating project management tools
- Created and edited content for over 50 products

WEB CONTENT EDITOR

Focus Institute | 2005 – 2006

- Prepared articles for online publication using HTML
- Published 1 article month and copyedited more than 100 online articles
- Acquired and managed 5 new authors to produce original web content

WEB MANAGER / CURRICULUM DEVELOPER

Summit | 1998 – 2005

- Maintained and developed 2 company websites
- Created and edited web content from 20 different authors
- Developed middle school, high school, and adult curriculum used in hundreds of schools internationally
